

BEST PRACTICE

Stay ahead of the pack

THE GASWERX OFFERS MARKETING SOLUTIONS TO HELP YOU AND YOUR PRACTICE STAND OUT FROM THE CROWD.

WHO IS THE GASWERX (AND WHY DO YOU NEED THEM)?

The Gaswerx is a boutique branding and marketing agency for doctors and specialist practitioners, offering local, specialised experts in cosmetic surgery marketing.

Most doctors are reticent to promote themselves, their individuality and their strengths, but in order to grow their practice and their reputation (ie, their brand), it is crucial for them to communicate their points of differentiation consistently and clearly to the general public and potential patients.

The Gaswerx implements a comprehensive overhaul of your existing branding and marketing. Working alongside practice management, the team at The Gaswerx becomes part of the doctor's business – ensuring each aspect of the practice encompasses and adds to the clinic's branding in every sense.

The aim is to create a competitive edge by building an undeniable and unforgettable business identity.

Each practitioner and doctor client becomes a BRAND in every sense of the word. This gives each

individual practitioner and clinic a competitive advantage in a very busy and evermore crowded medical environment.

The Gaswerx provides trackable and measurable results, setting and fulfilling KPIs for results you can see.

THE BIG DEAL ABOUT BRANDING

Branding is a cornerstone in building a successful practice. It's the foundation of all marketing communications and, when used properly, is integral to building recognition, reputation and supporting business growth.

But branding doesn't stop there. It can certainly boost customer loyalty – but only when the customer's experience lives up to the branding.

The Gaswerx works with business owners to optimise branding strategy and ensure you deliver on those promises at every point of customer contact. **AMP**
